

The Store Promise

Designed with your needs in mind, Better Things Home provides high-quality home and kitchen accessories to simplify and streamline your life. Based in the USA, Better Things Home was founded in 2017 with a focus on developing premium, smart home accessories for your home and kitchen. Our customer's happiness is our primary concern, and we are delighted to put your needs first.

How did we get our start?

Better Things Home was founded by a group of home cooks to create functional and stylish kitchen organization options. We started by researching, designing and developing high-quality products, and have now grown to become a well-established brand.

What problem are we solving?

Better Things Home creates unique, premium kitchen products to help optimize kitchen space and make cooking more enjoyable. We use high-quality materials, innovative designs, and customer feedback to stand out

Perfect for Everyone

- NEW! 4 x non-toxic, heat-resistant silicone strips for advanced scratch protection.
- 2 x large, premium silicone feet for improved balance, ideal when using two individual racks
- Choose from two size options to suit your home: Large 8-Inch or Small 6-Inch widths
- Need more storage? Purchase an additional set of 4 x wire dividers for optimal organization

The Store Promise

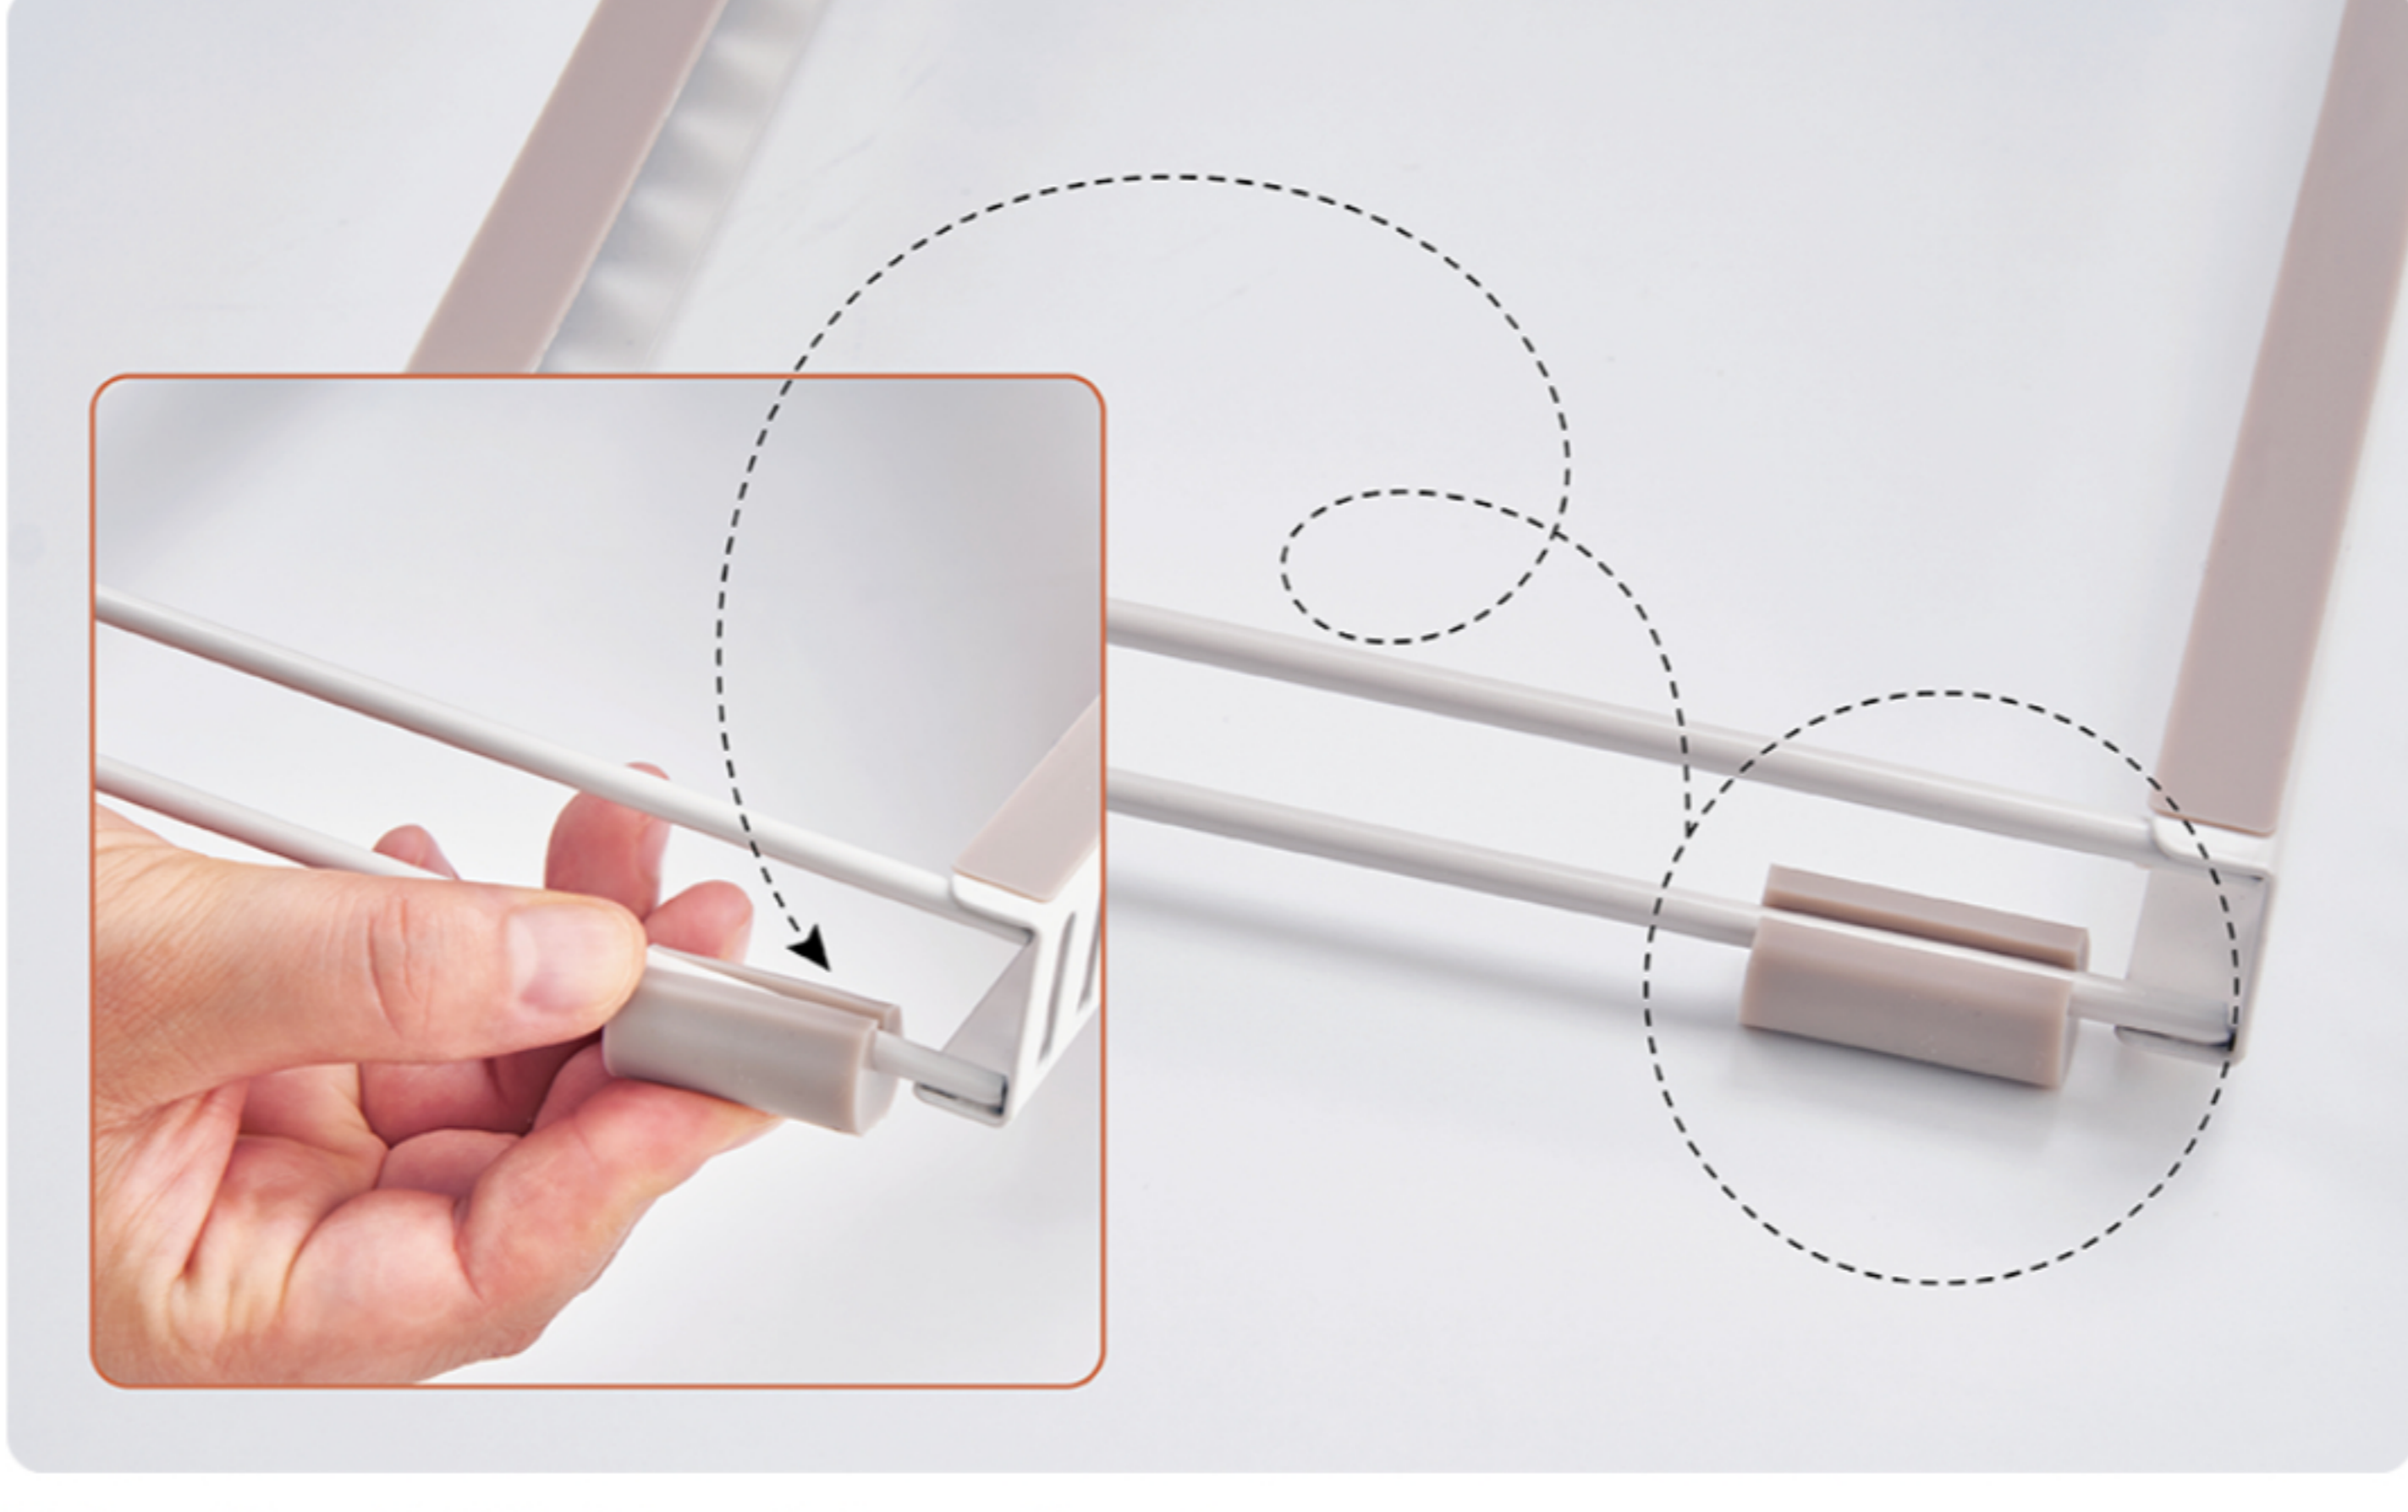

Designed with your needs in mind, Better Things Home provides high-quality home and kitchen accessories to simplify and streamline your life. Based in the USA, was founded in 2017 with a focus on developing premium, smart home accessories for your home and kitchen. Our customer's happiness is our primary concern, and we are delighted to put your needs first.

Keep Your Cookware Safe and Scratch-Free With Silicone Protection

employs innovative silicone strip protection to reduce scratching and damage occurring to your kitchen accessories. Keep your dishes, pots, and pans free from dents and surface scratching with our premium kitchen organizer rack. The unique, non-toxic silicone base offers comprehensive protection for your favorite pots and pans and the silicone strips act as a buffer between the steel rack and your cookware.

An All-in-One Storage Solution Say goodbye to separate storage areas for your pots, pans, glassware, and bakeware. The organizing rack is carefully designed to hold all of your kitchenware in one place; from heavy-duty cast iron skillets to delicate glass Pyrex and more.

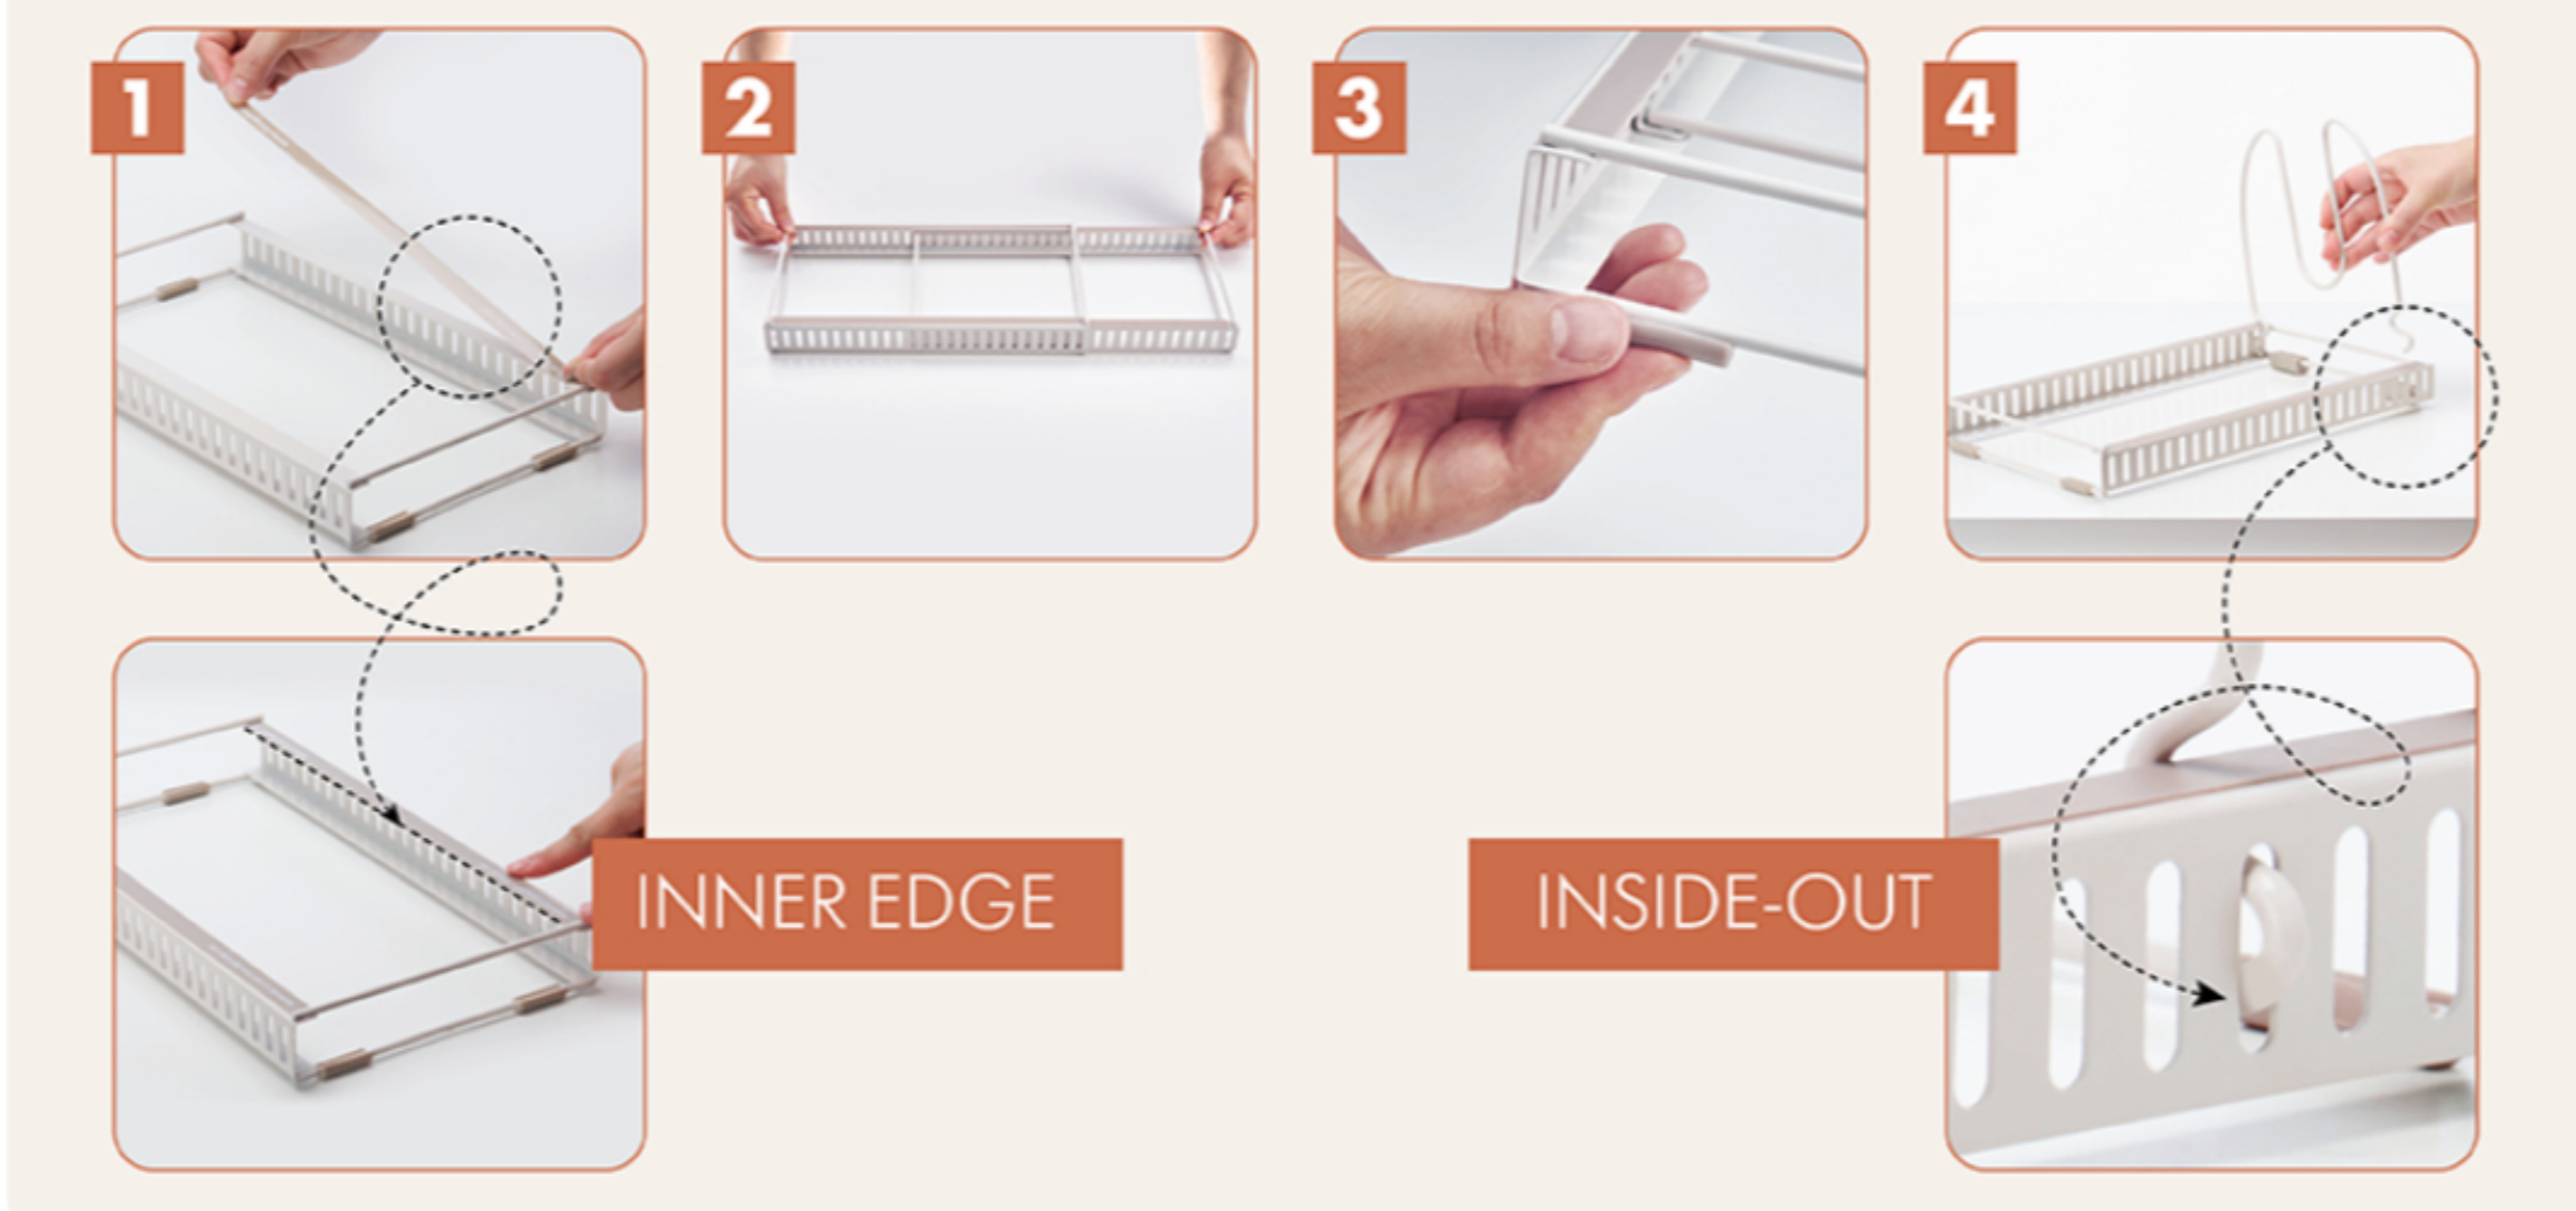

The Large Silicone Feet Offer Enhanced Balance and Support

The Organizer Rack features two large silicone feet to avoid your items wobbling and getting damaged when stored away. The feet ensure the rack is stabilized and balanced, ensuring improved safety and security for your valuable cookware.

With each purchase, customers will receive six regular-sized, non-slip feet and two additional large non-toxic, silicone feet. If you choose to separate the racks, install the two large feet onto the elevated horizontal rod so the rack is well-balanced, providing a secure storage accessory. These small changes make a big difference!

USE AS 1 EXPANDABLE RACK

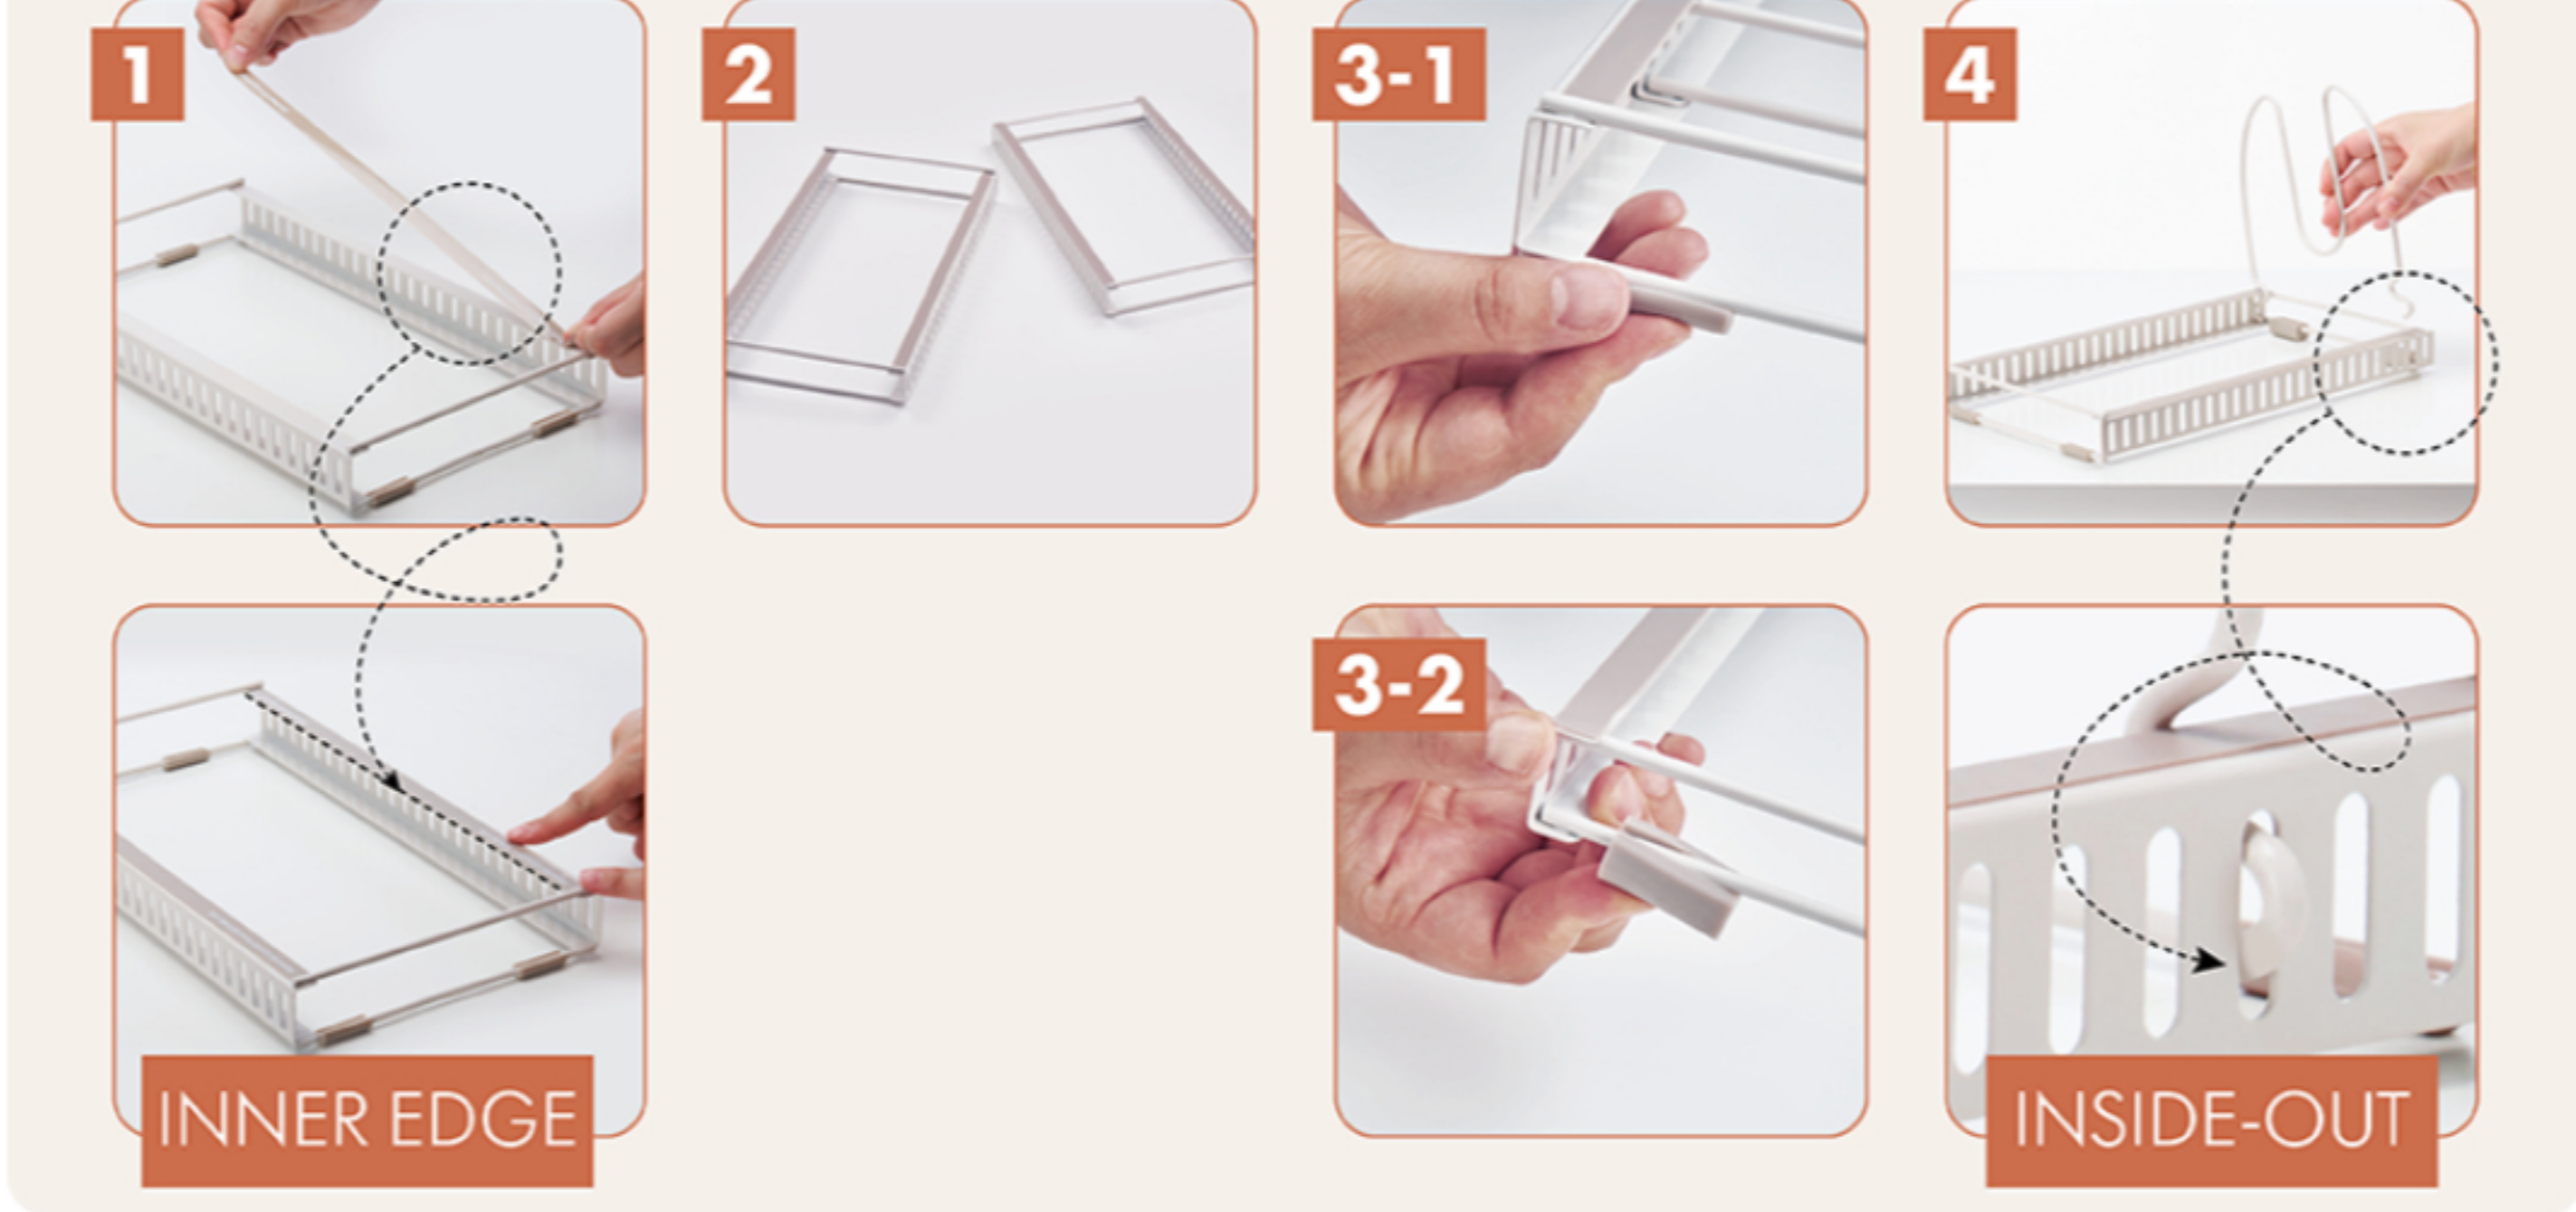

Quick and Easy Hassle-Free Assembly!

Follow these steps to set up your organizer as one rack.

- STEP 1. To set up your expandable rack, begin by applying the silicone strips to the **inner edges of the base**.
- STEP 2. Next, slide the base to your preferred length and **insert a divider between the overlapping bases** to lock the bases together.
- STEP 3. Install the six small feet on the bottom rods.
- STEP 4. Finally, insert dividers as desired from inside the base to the outside. Gently squeeze each divider from inside the base and release it until it clicks securely into place. **Dividers must be inserted from inside the base.**

OR, SPLIT INTO 2 SEPARATE RACKS

Follow these steps to set up your organizer as two separate racks.

- STEP 1. you'll begin by applying the silicone strips to the **inner edges of the bases**.
- STEP 2. Next, separate the base.
- STEP 3. Install each of the six small feet on the bottom rods. After this, install the remaining **two large silicone feet** onto the elevated horizontal rod. This will prevent scratches, provide stability, and eliminate wobbliness.
- STEP 4. Finally, insert dividers as desired from inside the base to the outside. Gently squeeze each divider from inside the base and release it until it clicks securely into place. **Dividers must be inserted from inside the base.**

10 Deep U-Shaped Dividers

Our patented U-shape dividers offer excellent grip for all cookware and kitchen accessories. The 10 dividers help to clean organize all your kitchen utensils, and are fully adjustable to fit any item you wish to store.

Long-Lasting Quality

Made of heavy-duty flat steel with a durable rust-resistant coating, the organizer rack can withstand daily use without losing its quality. The smooth design helps protect against scratching, and the anti-skid backing keeps everything firmly in place.

Wider & Longer Than Other Kitchen Storage Racks

Our kitchen cabinet organizer is wider and longer than the others, offering more storage space when you need it most. The dimensions are 13"L (25.4"L when fully expanded) x 8"W x 7.75"H inches.

A Versatile Home Storage Solution

No matter where you live, the Storage Rack can be used in small or large living spaces, RVs, campervans, cabins and more! Place on your kitchen counters or in the cabinets, under the sink, in the pantry or even use in the study room as a book stand!
